

Medicare Private Pay (Opt Out) Contract

Section 4507 of the 1997 Balanced Budget Act allows a physician or practitioner to enter a private pay contract with a Medicare beneficiary.

Why a special contract? I have not been excluded from providing medical services under Social Security Act Medicare (including sections 1128, 1156, 1892, CFR § 405, subpart D).

I, Meghan Jerry, LMFT, CST, providing services for Meghan B. Jerry, MFT, LLC, doing business as Kindred Counseling Center, have chosen to separate myself ("opt out") from Medicare. Because I opted out, Medicare requires I have you sign a private pay medical services contract before I treat you.

Who pays for services? You pay the bill and will have to use your own money to pay the ENTIRE cost of my services.

Are there charge limits? No, Medicare charge limits DO NOT apply to products or services you receive from me through this private pay medical services contract. I can charge you whatever amount you and I agree to.

Will Medicare help pay? No, Medicare will NOT help pay your bill. Because I separated from Medicare, it is against the rules for you to send a bill to Medicare for my services or ask to send the bill to Medicare for you. By signing below, you agree not to do so.

Isn't this a Medicare-covered service? Yes and no. Yes, Medicare would pay for the same service from a provider who is connected to Medicare. No, Medicare won't pay because I have separated myself from Medicare.

What options do I have? You have the right to get your service from a provider connected to Medicare or from me, a provider separated from Medicare. Even if you get your service from me, you can always get services from providers connected to Medicare. These providers are not required to have you sign private pay medical services contracts.

What if I am having a medical emergency? This contract does NOT cover emergency or urgent care services. If you have an emergency or urgent medical need, ask me for help. It is against Medicare rules for me to have you sign a private pay medical services contract for emergency or urgent medical services.

Will my medigap or other supplemental plan help pay? No, Medigap plans WILL NOT help pay for products or services you get from me. If you have some other medical insurance plan, it MIGHT NOT help pay your bill either.

What else do I need to do? It is important you retain a copy of this contract in case you have any questions about the contract in the future.

Will CMS get a copy of the contract? I, the provider, will supply a copy of this contract in the event CMS requests a copy.

By signing, you agree to receive private pay services from Meghan B. Jerry, MFT, LLC, and understand that it is against Medicare rules to send a bill to Medicare for my services or ask to send the bill to Medicare for you.
